

happy holidays

we wish you peace,
prosperity, health
and **great happiness**
this holiday season
and during the
year ahead

In lieu of traditional gifts, we have made donations to
The Foundation for Portland Public Schools Food Fund
and
MaineHealth COVID-19 Response Fund.

We are grateful for our relationship with you and thank you for your support!

The Foundation for Portland Public Schools Food Fund is a collaboration with Food Fuels Learning (FFL) to help ensure food security for PPS students and is made possible through generous donations by the community.

Recently, the funds have been used to supplement boxes of groceries provided by Wayside Food Programs that are delivered to 235 Portland Public Schools families each week with additional fresh produce and culturally appropriate foods requested by our many immigrant families. The boxes are hugely appreciated by the families, especially during the pandemic.

As COVID-19 continues to change the healthcare landscape, **MaineHealth** continues to need support. Donations provide vital support such as:

- Resources for front line caregivers
- Expanding telehealth technology
- Transforming spaces to accommodate complex care needs and social-distancing guidelines
- Creating innovative solutions (ventilator splitters, structures for safe patient transport, and continuous training)
- Participating in clinical trials and research to discover prevention methods, treatments, or a cure for COVID-19

WITH APPRECIATION,

*Steve Helen Jade
Joe Susan Meg
Collen Andee*
